

The LGBT Community and Tobacco Use

Tobacco use is twice as common in the LGBT community when compared to the cis-gender hetero population

Tobacco companies have targeted marketing at the LGBT community since the early 1990's

LGBT people are less likely to receive information about smoking cessation than cis-gender hetero peers

Help to Quit Tobacco

Arizona Smoker's Helpline: 1-800-556-6222. The ASHLine offers medications and nicotine replacement therapy for FREE to help smokers quit
